Saturdays

By this time you should have had at least one Saturday school session. Saturdays are a great way to build your technical skills as well as help add up some hours.

Key things to remember:

- Bring your snacks and lunch. You must stay on campus.

- School starts at 8 am. Be in dress code and ready to start working on your doll.

- Sanitation starts at 3:30 you must clean until 4:00p. If Phase I classroom is clean, ask to help on the clinic floor.

- You don't want to leave early.

- Ensure your rides know to pick you up at 4:00pm No later!

No School

No school November 20-24 for Thanksgiving

Skills USA

Skills papers are due November 12, 2018

Are you interested in Skills? Skills is a great way to showcase your skills and learn more about your industry of interest. Do not be discouraged being a junior. A junior placed third in State last year in Cosmetology! It is great practice and a lot of fun! You also get to come a couple extra Saturdays to learn techniques you wouldn't learn till next year.

So, sign up today.

Base Control

Base control is more than just rollers and pincurls. We use base control when it comes to thermal styling too. Do you know the five basic base controls? Why do you think they are important? Write it down in your journals for extra credit.

WHAT'S HAPPENING THIS MONTH

REMIND

Please use the proper code to sign up for remind. Instructions on another handout, if still needed.
